

AluTruk Basic Model Suitable For General Applications!

Product code: K26Y60

A 300kg rated sack truck designed to be an easy all-rounder and hence proving very popular within numerous industries. A simple design with none of our added extras means this model's natural low overall weight makes it perfect for repetitive journeys within a warehouse environment. The pneumatic wheels give the truck a softer ride when under load, ideal for moving fragile product. Control of the sack truck under load is maintained using a dual grip handle design giving the user the confidence when on the move.
