AluTruk Heavy Duty Piano Dolly With Rough Terrain Pneumatic Wheels

Product code: PT3

This AluTruk piano dolly has an extra heavy duty construction which means you can move loads up to 800kg and the pneumatic tyres allow this trolley to work on rough terrain such as gravel or grass.

- Protects walls etc with the rubber buffers
- Reduces load slippage via the ribbed solid rubber tops
- Smooth and silent running with precision ball bearings
- Easy to move due to reduced effort needed

See the full description below for more details on this trolley.
