Armorgard Heavy Duty BeamKart Trolley – BK2

Product code: BK2

A heavy duty Armorgard trolley, the BeamKart BK2 is designed for moving large steel beams and RSJs and has a flat-top design for increased load flexibility.

- Increases versatility with a flat-top cradle for wider steel beams
- Reduces strain and saves time – less carrying required
- Rolls smoothly on puncture-proof solid rubber wheels
- Handles up to 500kg with a strong, compact steel frame
