# Armorgard Piperack Trolley – PR1 & PR2

**Product code: PR**

A rugged Armorgard trolley, the PipeRack is built for safely storing and moving multiple pipes around site, with fold-flat design and stackable frame.

- Choose between 1 tonne (PR1) or 2 tonne (PR2) load capacity
- Folds flat as a single unit for compact transport and storage
- Rolls smoothly on heavy duty 6-inch swivel castors—2 with brakes
- Stackable design with frame lugs to save floor space on site
