Manual Forklift Jack 4000kg

Product code: SKFLJ400

Lift almost any forklift truck safely & easily with this manual hydraulic forklift jack, rated up to 4,000kg.

- Built for hard work with its rugged construction
- Ideal for hard-to-reach places under low-profile trucks due to extra-low pick-up point & dual position lift pad
- Easy to operate with its specially designed hydraulic pump with comfort grip
- Easy to store as the unit has a removable handle & compact size
- 7,000kg forklift jack also available
- Meets both CE and ANSI standards
