

Heavy Duty 20tonne Adjustable Skate

Product code: SKADSK20HD

A professional adjustable skate for moving heavy machinery & industrial equipment loads of up to 20tonne (20,000kg) and designed for use with the HD steerable skates of the same rating. Actually two skates in one, bolted together via robust box section tubing and adjustable in width.

- Helps to protect the floor via the large diameter rollers
- Load slippage risk is reduced via the rubber non-slip pads
- Use in combination with the 20tonne HD steerable skate [SKSTSK20HD](#) for a total load rating of 40tonne
- Other load ratings available

NB. Finished colour supplied may differ from that illustrated
