

Lifting Table 300kg LT30

Product code: HTV0300V01M

The scissor lift table with foot-operated hydraulic pump is the ideal tool for a variety of lifting and loading operations, and for use as a work-station, providing improved ergonomic conditions and increased productivity.

- Load capacity: up to 300kg.
- Equipped with a folding handlebar for compact and convenient storage.
- Sturdy steel construction.
- Easy handling thanks to the ergonomically designed handle, and the combination of fixed and steering polyurethane wheels.
- Efficient hydraulic foot pump to easily adjust the working height, reducing back strain and optimising efficiency.
- Easy-to-use lever on the handle makes lowering and raising the table smooth and precise.
- Foot brakes on the steering wheels provide stability, while wheel guards protect the operator's feet.
- Perfect for order preparation and goods mobilisation. Commonly used throughout industry and commerce, including factories, warehouses, retail, printers, schools and colleges, laboratories, banks and offices.

Load Capacity (kg)	300
Push handle type	Folding
Wheel Material	Polyurethane
Weight (kg)	74
Table height (mm)	50
Table width (mm)	500
Table depth (mm)	815
Material	Steel
Brand	Pramac
