

## Rubber on Polypropylene Plate Swivel Castor 160mm 135kg Load

**Product code: V40Q160BLRP05**

Pressed steel swivel castor with a top plate fixing fitted with black rubber on pressed black polypropylene wheel with a roller bearing. Wheel diameter 160mm, tread width 40mm, overall height 195mm, top plate 135mm x 110mm, hole centres 105mm x 80mm. Load capacity 135kg.

|                          |                                                 |
|--------------------------|-------------------------------------------------|
| Diameter (mm)            | 160                                             |
| Castor Type              | Swivel                                          |
| Fixing Option            | Plate                                           |
| Height (mm)              | 195                                             |
| Wheel Material           | Rubber on Polypropylene                         |
| Colour / Shore Hardness  | Black Rubber on Polypropylene Rim / 85° Shore A |
| Temperature Resistance   | -20°C to +60°C                                  |
| Bearing Type             | Roller                                          |
| Load Capacity (kg)       | 135                                             |
| Tread width (mm)         | 40                                              |
| Swivel Radius (mm)       | 134                                             |
| Plate Size (mm)          | 135 x 110                                       |
| Hole Centres (mm)        | 105 x 80                                        |
| Top Plate Thickness (mm) | 3.5                                             |
| Fork Thickness (mm)      | 3                                               |
| To Suit Fixing Bolt (mm) | 10                                              |
| Brand                    | Varley                                          |
