# Short Fork Manual 2500kg Load Capacity Hand Pallet Truck

**Product code: SKHPTSF2500NY**

A quality-designed truck, for general-purpose applications that offers value for money. Great for lifting smaller pallets and transporting products around the site.

- Robust steel construction with welded chassis and yellow power-coated finish for longer life.
- Totally sealed pump unit, (impervious to air, water, or dirt), incorporating an overload release valve.
- Suitable for transporting smaller / printer pallets.
- Fitted with a safety valve to prevent overloading.
- CE marked.

NB - Not suitable for damp or humid environments
