

Steerable Machinery Skate 3tonne

Product code: SKSTSK3

A steerable skate for moving heavy machinery and rated for equipment loads of up to 3tonne (3,000kg).

- Helps to protect the floor via the large diameter rollers
- Load slippage risk is reduced via the rubber non-slip pad
- Easy to steer around tight bends due to the high quality thrust bearing under the platform
- Easier to manoeuvre due to the one metre draw bar
- Other load ratings available & compatible with adjustable skates

Please note: The finish colour supplied may differ from that illustrated.
